### Background<sup>1</sup>

The Strategic Plan defines PTI's FY21-24 strategy in delivering the IANA functions and represents a subset of the ICANN organization's strategy. It is PTI's first Strategic Plan.

### Registries Stakeholder Group comment:

The Registries Stakeholder Group (RySG) welcomes the opportunity to provide feedback on the Draft PTI FY21-24 Strategic Plan. This is the first time that PTI publishes such a strategic plan and we wish to recognise the value of meeting this commitment.

We wish to provide the following feedback.

- It is not clear as to whether or how a SWOT or similar analysis was undertaken as a foundation to developing this plan. Reference to such an analysis would improve current and future third-party analysis of the plan.
- It will be useful to better articulate how the current Draft PTI FY21-24 Strategic Plan will be translated into an Operating Plan including prioritisation.
- It will be pragmatic to align the 4y (FY21-24) PTI cycle and 5y (FY21-25) ICANN cycle in so far as it is possible.
- It will be useful to understand what, if any, impact there will be from ICANN's revised ("Covid-19") budget on PTI's strategic plan and associated operating plan.
